Reviews

These types of publication is the greatest publication available. It really is filled with knowledge and wisdom Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Prof. Lenna Beatty III)

ASSESSMENT: IN SPECIAL AND INCLUSIVE EDUCATION

Wadsworth Publishing, 2006. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: The market-leading professional resource in the field, this text offers basic assessment information and a handbook of actual reviews of the tests most often administered in K-12 schools. Assessment is recognized for its honest and even-handed reviews of common standardized tests administered by assessment personnel in the areas of achievement, intelligence, language, math, and reading. The text also helps teachers and school psychological personnel become more informed consumers and users of these tests. Comprehensive coverage includes both standardized (formal) and classroom (informal) assessment, such as portfolio assessment, outcome-based assessment, observation, ecological assessment, and teacher-made tests. New! Chapter 15, "How to Review a Test," takes readers through these steps: picking a test; understanding a test's purposes, content, procedures, and scores; evaluating a test's norms, reliability, and validity; and reaching a summary evaluation of a test. New! Part Five, "Decision Making," is created from a reorganization of the text and contains three substantially revised chapters--"Teacher Decision Making," "Making Entitlement Decisions," and "Making Accountability Decisions"--as well as one new chapter, "Assessing Response to Intervention." New! Chapter 30, "Assessing Response to Intervention (RTI)" discusses the fundamental assumptions in assessing RTI; definitions of RTI; measurement concepts in RTI models; dimensions of assessment of RTI; purposes of assessing RTI; examples of RTI assessment models; and issues and considerations. New and Significantly Revised! Test Reviews have been updated for currency in the Tenth Edition. Among the 23 new or updated tests are Asperger Syndrome Diagnostic Scale (ASDS), Comprehensive Mathematical Abilities Test, Group Mathematics Assessment and Diagnostic Evaluation, Bender Visual Motor Gestalt Test, Second Edition, and The Test of Early Mathematics Ability, Third Edition. All of the new and revised tests are indicated by an asterisk in the list of all...
