Brand New Book ***** Print on Demand *****.In **I Forgive You**, a story loosely based on the author's own life experiences in relationships, the characters all deal with heartache, betrayal, confusion and a sense of loneliness. In all of the mayhem, the main character, Jordan realizes that a closer relationship with God allows her to see things clearer and recognize what she is doing is killing her soul. After suffering from the abuse of her husband for many years, she befriends her boss, Dilan. The two develop a platonic relationship. He listened to her, spent time with her and simply gave her all the things she desired in her own marriage. Before long, Jordan and Dilan crossed the line in their relationship and began an intense romantic affair for several years. However, before the romance, Jordan had plans to leave her husband, Tevin. Dilan was also married but was not exactly upfront about his relationship with his wife. Jordan had the notion that Dilan and his wife Linda were separated. What gave her this idea? Well, Dilan had his own place. Later she learns that Dilan is still in fact, living as a so-called happily married man. He was a very slick, conniving, dishonest and unfaithful man; yet, he had this charm about him that swept Jordan off her feet. Even after learning that he and his wife were still together, Jordan struggles in making the decision to walk away for good. Things drastically change for Jordan as an unlikely friendship develops. She learns another secret that Dilan has kept from her. Jordan also gets surprising news about Tevin. Through it all, they each learn their own lessons of forgiveness.
