Reviews

It is one of my personal favorite books. It is one of the most incredible ebooks I have got to go through. You will not feel monotony at any moment of your own time (that's what catalogues are for relating to if you ask me).

HOW ABAD AND SHAMAR BECAME GARDENERS (PAPERBACK)

They know all about gardening, from when to plant seeds to the amount of water to give any plant. But these two gardeners didn't always tend to the earth. They used to be scarecrows! Find out just how they magically changed in *How Abad and Shamar Became Gardeners*, the delightful, illustrated children's book that teaches young readers and adults alike how to make gardening an enriching activity to not only cultivate beautiful, delicious plants and vegetables, but also help build a sense of community. Anyone who is drawn to the natural world will find rich soil in this vivid and inspiring work of fiction. Written by Pastor Jeff Wild, this imaginative tale of two scarecrows explains how they were transformed by a crow in order to follow their dream of gardening the land that they once watched over. Biblical themes, including freedom, new life, and community are interwoven in the simple, joyful text. Original illustrations by Chelsea Mclean Johnson provide a multicultural emphasis, while demonstrating how Abad and Shamar dig deep into the soil to cultivate the garden, with the help of a community of children. Uplifting and revelatory, *How Abad and Shamar Became Gardeners* will capture a child's sense of wonder and curiosity of the natural world, while showing children and adults how nurturing a garden can also nurture a community. As Abad and Shamar become empowered by using their passion for living things to connect with those around them, young readers will gain a new appreciation for the many blessings that may just spring from the soil in their own backyard.
