D. 1875 To the Honorable General Assembly, January Session, 1875: The Commissioners of Inland Fisheries beg leave to present their Fifth Annual Report. The past year has been an encouraging one for our department, on the whole. If we have met with some disappointments, we have at least learned what to avoid in the future; and our successes prompt us to continue the good work during the coming year, with high hopes of doing the State some service. A further supply of young shad and salmon have been placed in all the principal streams of the State this year; the number and location of which is herein specified. State Hatching Establishment. Everything is in excellent order and good repair at the hatching house in Poneganett. We have retained the services of Mr. Win. Colwell, who gives his entire time to the superintendence of the establishment, and gives full satisfaction to the Commissioners. Salmon. We received from Mr. Charles G. Atkins, superintendent of the Penobscot Salmon Spawning enterprise at Bucksport, Maine, 125,000 salmon ova, as the share of this State. Professor Spencer F. Baird, sent us on the part of the Government, about 92,000 salmon ova, making a total of 217,000 ova, which arrived in excellent order. About 5 per cent. were lost in hatching, which gave us about 200,000 young. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
