WHO COUNTS?: THE POWER OF PARTICIPATORY STATISTICS

Practical Action Publishing. Paperback. Book Condition: new. BRAND NEW, Who Counts?: The Power of Participatory Statistics, Jeremy Holland, Local people can generate their own numbers - and the statistics that result are powerful for themselves and can influence policy. Since the early 1990s there has been a quiet tide of innovation in generating statistics using participatory methods. Development practitioners are supporting and facilitating participatory statistics from community-level planning right up to sector and national-level policy processes. Statistics are being generated...
